Chennai Express

Perfect taste of South India!

Our Culinary Philosophy

Although curry has been an inherent part of the British heritage, Indian cuisine is often perceived unhealthy containing excessive amount of oil, butter, cream and sugar. While authentic Indian cuisine can be so fresh, light and flavoursome; we believe, it is unfortunate to be stereotyped as a 'comfort food' or 'unhealthy food'.

Chennai Express is an attempt to transform the perception and experience of Indian cuisine in the UK. We essentially serve street food style South Indian food containing vital ingredients and nutritional qualities that make it as healthy as an Indian restaurant can be. While Southern Indian food is naturally light and avoids too much oil, ghee, cream and butter, our Chefs go above and beyond to incorporate fresh approach to cooking where every dish is cooked from scratch offering the distinct taste of fresh herbs and home-ground spices. Inspired by the traditional home-style cooking techniques, we endeavour to retain the versatility, freshness and nutritional values of the ingredients.

Chennai Express envisions to become a truly inclusive restaurant for dietary preferences, ethical food choices, cultural tastes and health needs.

If you have any food allergies or special dietary requirements, please speak to a member of our team.

We can prepare menu items without gluten, dairy and nuts upon request.

Whilst a dish may not contain a specific allergen, due to the wide range of ingredients used in our kitchen, foods may be at risk of cross contamination by other ingredients
